LOCAL MISCELLANY.

Gleason opposed the motion. "I am ready to show," said he, "that Mr. Wight has disbursed over \$5,000 without any authority."

Mr. Gleason then turned to the Mayor, and pointing his finger at him, said: "I can show that you yourself, Mr. Mayor, have drawn warrants without the authority of this Board."

"I mtend to have you prove that statement," rejoined the Mayor excitedly.

"I can do so by the books of this department."

"No warrants have been drawn except those for salaries," was the reply, "and those have to be paid according to law."

Mr. Gleason then reminded the Mayor that he had paid the salary of George H. Payntar as bookkeeper to the Board, when he was never regularly appointed at a meeting of the Commissioners. Commissioner Hallett at this point intervened and succeeded in obtaining an adjournment.

THE STURTEVANT HOUSE FIRE.

THE STURTEVANT HOUSE FIRE.

A smell of smoke lingered in the corridors and public rooms of the Sturtevant House yesterday to tell of the fire which caused a good deal of alarm at half past 1 o'clock in the merning. The other indications of fire had been removed and the business of the hotel was going on in an orderly manner with few outward signs of the embarrassments which the destruction of the bake house and the disarrangement of the kitchen, halls and several rooms naturally caused. It was a deserved tribute to the Messrs. Leland for their coolness, alertness and energy during the exciting half hour which followed the alarm of fire, that none of the guests who had been hurried out of their rooms in the dead of night remained away from the hotel. All were back yesterday morning except two, who, being invalids, were sent by the Lelands to neighboring loters in carrisges, and who are expected to return when able.

The waking of the guests was discreetly manner that there was no numediate.

being invalids, were sent by the Leanas or the boring hoters in carriages, and who are expected to return when able.

The waking or the guests was discreetly managed: all were assured that there was no immediate danger and that the alarm had been given simply as a saleguard, and Lewis Leland stood at the head of the stairs to emphasize the assurance. The result was that a panic was prevented and there were comparatively few scenes of terror and excitement. Most of the guests gathered in the front part of the house and waited till the flames were extinguished. The house was seved by the promptness and energy of the firemen and police and the excellent behavior of the watchman and other servants of the hotel. The fire was discovered by the watchman and the fire apparatus of the hotel was early brought into efficient use, checking the progress of the fire till the arrival of the engines. The flames are supposed to have started from a defect in the flue of the bakehouse, though one of the guests. M. T. Warne, of Easton, Penn., said yesterday that he had been awakened about 1 o'clock by the noise of an explosion, which, as it seemed to come from a distance, did not alarm him. Lewis Leland, after an investigation, yesterday estimated the loss of the hotel-keepers at from \$8,000 to \$10,000. Mr. Sturtevant, owner of the building, will probably lose \$3,000.

NO SSCCESSOR TO MR. MURPHY ELECTED.

The interest in the election of a successor to Henry C. Murphy as preszient of the bridge trustees caused a full attendance at the December meeting of the trustees yeaserday, but no election took place. Vice-President Kingsley was in the chair. The exceution of a contract with Bowers, Dure & Co. for twelve long cars at \$3.465 each, and twelve short cars at \$2.865 each was authorized. Messrs. Thurber and Van Schaick were placed on the Exceutive Committee to fill the vacancies caused by the death of E. W. Smith and the resignation of Mr. Roosevelt. The total expenditures for the bridge up to November 30 were reported to be \$14.177.620 14, and the neceiots \$14.162.723 06. A contract with W. H. Hazzard, Son & Co. for a boiler house and chimney on the Brooklyn side, at \$18.818, was authorized, and a contract for two moors to saitch cars at the termin, at a cost of \$4.600 each, was awarded to K. R. Porter & Co.

Ex-Mayor flowell asked if it would be possible, in case ice blockaded the river, to lay a foot path temporarily on the roadway for use by pedestrians. Assistant Engineer Martin said it would be hardly practicable to lay a foot-path in the roadway as it would hinder the work, but every effort was being made to complete the elevated permanent foot-way, and it was hoped to complete the work on it by the middle of January, and it could be opened at that time. A motion by Mayor Low to appoint a special committee of five to consider the question of fare over the bridge was adopted.

Before any action was taken in regard to electing a pressident the trustees adjourned. It is proposed to allow Vice-President Kingsley to act until the new appointments are made in June, 1883. NO SECCESSOR TO MR. MURPHY ELECTED.

At the Eleventh Police Precinct on Thursday it was reported that a man was lying unconscious with his face cut and bleeding, in Houston-st., near Avenue C. Later, a delegation from a German lodge called and stated that they had heard of Miller's death, and that they came to inquire concerning his bankbook. When found, the dead man had no bankbook.

STABBING HIS WIFE ELEVEN TIMES.

Mrs. Nellie Arthur was the complaining witness yesterday, in the Court of General Sessions, against her husband. Albert Arthur, who stabbed her eleven times with a knife, at Aberle's Theatre. Arthur had been employed in the theatre and afterwards was a waiter in a down-town restaurant. He quarrelled with his wife, who became an actress at the theatre, a few weeks before the assault. He went time a private box at the theatre on the night of October 2; he found his wife in company with some men and attacked her with a knife. His lawyer set up a plea of emotional insanity on the part of his client. Mrs. Arthur said on the witness stand that she did not desire to press the charge against her husband. The jury was absent for nearly an hour, and not having agreed upon a verdict, District-Attorney Fellows agreed to abandon the count of the indictment charging assault with intent to kill. The jury again retired and soon brought in a verdict of guilty of assault with mient to do bodily harm. STABBING HIS WIFE ELEVEN TIMES.

CAREER OF A BOY THIEF.

The case of Freddie Grimes, the boy thief who was found in Brooklyn on Friday, was investigated by Police Justice Walsh yesterday. The boy is thirteen years old, and his home is in Irvington, N. J. Two weeks ago he stole a dollar from his school teacher, and, dreading punishment, went to Newark. There he bought some agarettes and while lighting one stole \$4 from the money-drawer in a drug-store. Then he came to this city and while ostensibly waiting for his father in the store of the New-York Furniture Company, at No. 126 West Fourteenth-st., stole \$120 from the desk near which he sat. He made various purchases, including a watch and chain, two rings, a telescope, a shirt pin, a pair of carrings and an opera glass. The latter he took with him to see the "Black Crook," and he rode to the theatre in a coupé. He lived in two or three boarding-houses, and in one in Rector-st. he gave his landlady the earrings. He was identified yesterday as the boy who stole the money from the furniture company. CAREER OF A BOY THIEF.

SIX CARS FALL THROUGH A TRESTLE. SIX CARS FALL THROUGH A TRESTLE.

Six loaded cars of a coal train on the New-York,
Susquehanna and Western Railroad broke through
yesterday the trestle near the County Road, on the
western side of Bergen Hill, Jersey City, and feil a
distance of about ten feet. Workmen were laying
new rails on the trestle and, through some neglect,
the danger signal had not been placed far enough
back. The locomotive of the coal train was thrown
off the track by a broken rail and its weight weakened the trestle so much that the six following cars
fell through it. They carried with them about 125
feet of the trestle. The locomotive remained on the
track. No one was injured and there was very little
delay to travel, as the trains were sent around by
way of Hawthorne.

THE GUILTY BROOKLYN ALDERMEN.

A motion was made before Judge Gilbert, in the Supreme Court in Brooklyn, yesterday, to enter the renittitur of the Court of Appeals affirming the decision of the lower court in the case of the firteen members of the Board of Aldermen for 1881, declaring them in contempt for passing a resolution in defiance of an injunction. An order was asked for to require the sheriff to execute the warrants committing them to jail for terms varying from ten to thirty days. The counsel for the Aldermen moved to remit the terms of imprisonment, saturing forth that they had paid their fines, had been in prison one day, and were ready to apologize to the Court. In wing made the attempt before the new Code went into effect, he was arraigned in the Yorkvine Police Court was discharged by Justice Smith.

USING A HAMMER ON A GERMAN'S SKULL. In the Essex Market Police Court yesterday, Described in the Later instening to argument, said that he doubted if he had sutherity to remit the sentences after a higher court had adjudicated the matter. The sentences could only be remitted by

the pardoning power. He reserved his decision until to-morrow.

GROUNDING OF THE STEAMSHIP SALIER.

The steamship Salier, of the North German Lloyd, went ashore on Southwest Spit yesterday morning in a dense mist. The vessel was in charge of a Sandy Hook pilot, and crossed the bar soon after high water, inward bound. As she was heading for the main ship channel, under slow speed, her port-side scraped on the end of the Spit and held her fast. Soundings were made, and it was found that she had grounded in eighteen feet of water, as it was an hour after high water and the vessel had a draft of nineteen feet, it was concluded to lighten her so that she would be certain to float off at high water, at 8 o'clock last night. The steamer Virginia Seymour went down the bay and brought the mails to the city, and two lighters were sent to take part of the cargo. The passengers remained on board. GROUNDING OF THE STEAMSHIP SALIER. ACCUSING MR. DE BEVOISE TO HIS FACE.

The Water Commissioners of Long Island City made another futile attempt yesterday to examine the accounts of Commissioner Wight. There were present Mayor De Bevoise and Commissioners Gleason, Hallett and Wight. As soon as the meeting was organized, it was discovered that George H. Payntar, an employe of the Water Department, who had been appointed to compare Commissioner Wight's statement of his accounts with the figures in the books of the Board, and to report, was not ready to give the Commissioner any information. An adjournment was moved, but Commissioner Gleason opposed the motion. "I am ready to show," said he, "that Mr. Wight has disbursed over \$5,000 without any authority."

SIEBERT SENTENCED FOR 20 YEARS.

Judge Brady in the Court of Oyer and Terminer yesterday seatenced Charles Siebert to I twenty years in the State prison for the killing of his wife. Siebert shot his wife in May last. He was indicted for murder in the first degree, but when his case came on for trial was allowed to plend guilty to manslaughter in the first degree. He is a young man and his wife was also young. His counsel thought that he ought to be let loose on the community again after a very short time for reflection and moral improvement in prison. Assistant District-Attorney O'Byrne said that he only consented to the plea of manslaughter because he knew of Mrs. Siebert's wrong to her husband. Judge Brady said he was obliged to see to it that justice was not entirely overlooked in this case, siebert had killed his wife deliberately and not in the heat of passion. Men could not be allowed to usurp the functions of juries, judges and lawgivers all at the same time. SIEBERT SENTENCED FOR 20 YEARS.

NOT ANXIOUS TO CONFIRM NOMINEES, NOT ANXIOUS TO CONFIRM NOMINEES,

There were rumors yesterday that the nominees for Police Justices, Butler H. Bixby and George A. McDermott, would be confirmed at the meeting of the Board of Aldermen to-day. Inquiry among the Aldermen failed to show that there was any ground for the rumors. In addition to the vacancies mentioned, Randolph B, Martine has been nominated for Police Commissioner in place of Sidney F. Nichols. Smith E. Lane's term as Police Commissioner has also expired. The Tammany Halt and County Democracy Aldermen say that they are anxious that the nominations shall go over until after January I, when they will lapse and nominations will be made to the new Board of Aldermen by Mayor Edson.

WESTCHESTER COUNTY.

RYE NECK.—Mrs. Merritt made a visit on Saturday to Greenwich, locking her house and leaving m it her daughter, four vears old, and an infant son. When darkness came on, the child removed a lid from the stove, and took a piece of paper and with it attempted to light a lamp. The flames burned her fingers and she threw the lighted paper on the covering of the infant in the cradle, setting it on fire. The child screamed and aiarned the neighbors, who broke into the room, but the infant was so badly burned that it died shortly afterward. The jury ascertained that the mother was in the habit of leaving her children locked up for hours at a time, and that on one occasion she remained away from home all night. The jury severely censured her and recommended that the authorities take her children from her and place them where they would receive proper care. they would receive proper care, LONG ISLAND.
